

Universal Bulkheads

Improving Operational Flexibility

- Patented design fits multiple trailer dimensions
 - Portable between trailers, reducing need to stock
 - Will fit multiple trailer heights and widths
 - Eliminate down-time, order from inventory for quick repairs
- High quality construction provides superior performance
 - Two-piece, 2" design is light weight and installs in seconds
 - Reduces operating costs by providing a thermo efficient seal, even on older bowed trailers
 - Auto-dimming in low light situations reduces glare and allows for a safer operation
- Easy to use Velcro width adjustment system allows for fast and simple installations
- Backed by 90-day limited manufacturer warranty
- Available at Carrier® Transicold® Dealers nationwide
